Re: Proposed Annexation to the City of Azusa
Southerly Annexation District No. 7

Dear Mr. Miller:

At the meeting held on November 9, 1955, the County Boundary Commission reviewed the boundary description and map submitted by you with your letter of October 19, 1955, of the proposed annexation of territory to the City of Azusa.

Although the boundaries submitted do not create islands of unincorporated territory and conform with lines of assessment as nearly as practicable, upon recommendation of the County Engineer, slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code. Said revisions were in the wording of the boundary description and made no change in the location of the boundaries as shown on the map. A copy of the approved revised description is enclosed for your use.

The Commission directed me to call your attention to the fact that a 40-foot corridor strip of unincorporated territory (being a portion of Arrow Highway) has been left between the southerly boundaries of this proposed annexation and the northerly boundaries of the City of Covina. Further, the Commission requests that you give serious consideration to the relocation of your southerly boundary to include this corridor. If you wish to relocate this boundary, a new proposal should be submitted to the Boundary Commission.

Very truly yours,

Attention Mr. J.S. Allison, Secretary

Dear Sir:

SUBJECT: City of Azusa --
"Southerly Annexation District No. 7"

Pursuant to your request of October 26, regarding the proposed "Southerly Annexation District No. 7" to the City of Azusa, we have reviewed the legal description of the boundaries submitted by the City and find that the description requires revision to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code.

Therefore, we have prepared the enclosed revised description of boundaries, which we recommend that the Commission approve as to definiteness and certainty and forward to the city.

We call your attention to the fact that although this annexation does not create islands of unincorporated territory, and the boundaries conform as nearly as practicable to lines of assessment, a 40 foot strip of unincorporated territory (being a portion of Arrow Highway) has been left between the southerly boundary of this proposed annexation and the northerly boundary of the City of Covina.

Maps showing special districts in relation to the boundaries of this proposed annexation, and all original papers regarding this matter are enclosed.

Yours very truly,

John A. Lambie

City Moves to Annex Center, Bible College

AZUSA. Continuing an eastward march started with annexation of the third unit of the Foothill Park tract some months ago, the City Council last night started proceedings to annex 72 acres, including the soon-to-be-built Foothill Shopping Center and the Pacific Bible College campus.

Known as Easterly Annexation No. 8, the boundaries run north from the Foothill Park tract at a point just north of Haltern St. to Fifth St. and along Alosta to Citrus, taking in the Bible College on the north side of Alosta and property on the south side of Alosta, both east of Citrus, approximately half-way to Ben Lomond.

CITY ENGINEER John A. Williamson was instructed to present the boundaries to the County Boundary Commission for approval of the uninhabited annexation.

Bringing the annexation to a head was the question of whether the City of Azusa or the Edison Co. would serve power to the shopping center, now in county territory.

Mayor Louis G. Memmesheimer told council members that as a result of the city's intent to annex, Edison had agreed to serve power to the contractor while the center is being built, but will let the City of Azusa supply electricity to the center if the annexation is successful.

RECEIPT OF approval of the County Boundary Commission for another annexation, Southerly No. 7, was also reported, and City Atty. P. J. Tscharner and City Engineer Williamson were authorized to proceed with necessary steps to complete the annexation.

It includes 16.73 acres, on both sides of Cerritos Ave. down to and including the north half of Arrow Highway.

A suggestion from the county that Azusa take in the remainder of Arrow so that a 40-foot strip will not be left between Covina and Azusa city limits was turned down by Azusa council members, who felt that Covina should be responsible for the half of the street fronting on its territory.
